**JANUARY 2021**

**HAPPY NEW YEAR!** There is no doubt that everyone is excited about the possibilities and opportunities that 2021 holds. Let's not look back at 2020 and complain, but let's keep looking forward. The vaccine is 95% effective in preventing Coronavirus and people are receiving this vaccine in our area. We have learned to control our thoughts, reactions, and behaviors. We all know the precautions that we need to continue: wash your hands frequently/use hand sanitizer, wear your mask, and observe the 6-foot social distancing rule.

Simple acts of kindness can occur from the comfort of your home: (1) Call, video chat, or message neighbors, friends, and family members just to let them know that you are thinking of them, (2) Send a hand written note or cards, (3) Consider doing a grocery pickup for someone and leave the bags on their porch, (4) Purchase a gift card from one of our local Small Businesses so the owner will have cash now and you can shop later or use as a gift, and (5) Be kind to yourself and keep a positive attitude.

Lois Reed, Chamber President

#### FEATURED BUSINESS....

Wayne and Judy Nelson, and Billy and Ralph Putnam joined together to form **Nelson-Putnam Propane Gas, Inc.** on October 4, 1982 in a farm shop in Emhouse, Texas. In March of 1986, Nelson-Putnam Propane expanded their business, opening another office in Ennis. In 2006, Wayne and Judy's grandson, Jeff had the opportunity to continue the family legacy in the business as the 4<sup>th</sup> generation. After nine years as Director of Operations for a marketing company in Minneapolis, MN, he stepped in as CEO of Nelson-Putnam Propane.

With Jeff Nelson at the helm, and his renewed dedication and desire for growth, the company expanded in 2008 in a larger arena to increase the growth potential of the brand. The growth seen has been tremendous with the following acquisitions being made: Poole Gas of Malakoff, Casey Propane of Fairfield, Gregg LP Gas of Palestine, Lyle Propane of Fairfield, Sandyland Propane of Grapeland, Strube Propane of Pittsburg, Gladewater, and Longview, and Gilbert Gas in Athens.

Nelson Propane has grown to 11 locations across Central and East Texas. According to Jeff Nelson, CEO, "Our dedication as a company and a leader in the propane gas industry has never seemed so clear! Regardless of economic condition, energy prices, or competition, the first 38 years of success for this company has been based on the belief 'the customer comes first'. The next 38 years and more will be no different." Stop by and visit with **HUGH BOWDEN** for all your propane needs! Their free 2021 calendar has lots of tips and recipes.

## VOLUNTEER SPOTLIGHT

**KYLE MOORE**

**KYLE MOORE** began working for the Gladewater Fire Department in August 1993 and served the people of Gladewater for 19 years before retiring in 2012 as a Captain. He is still in the oil and gas industry and is now a field supervisor.

Retired GFD Chief **Wayne “Snuffy” Smith** passed away on December 30. He served the citizens of Gladewater for almost 30 years at GFD and helped found the Fall Festival so that children could celebrate Halloween safely. Snuffy’s dedication to training firefighters is evident in surrounding communities. He served as President of the LION’s Club and was a friend to the Chamber of Commerce-always willing to help wherever he was needed. In 2012 Snuffy was honored as the Chamber’s “Man of the Year” and will be missed by all.

Congratulations to the **RED ROCK HISTORICAL ASSOCIATION** who received a second grant from the Union Pacific Foundation to erect an electronic messaging center in the Red Rock Community. It will allow community members and organizations to place messages announcing events.
